

Lunch And Learn:

SIMATIC S7-1200

Compact Controller
with Advanced Functionality

February 24, 2010

9:00am - 1:30pm

Who Should Attend?

Anyone wishing to save time and money with quality products on their next automation project.

Agenda

Give us 90 minutes and we'll show you a feature-packed SIMATIC S7-1200 PLC system and give you the know-how to save time and money on your next automation project.

- S7-1200 PLC feature overview
- Expansion options
- Communication capabilities
- Programming
- Visualization
- Hands-on trial

The S7-1200 is a new modular space-saving controller for small automation systems that require either simple or advanced functionality for logic, HMI and networking. It is both compact and highly powerful –especially in relation to its real-time performance. It is fast, features great communication options, and is programmed with easy-to-operate, easy-to-learn software. Attend the S7-1200 Lunch and Learn for a hands-on trial!

Presenter:

- Siemens Regional Automation Specialist

Note: Attendance is limited - please reserve your space early.

***Cost: \$55.00 per person - event only**

\$250.00 per person - event with S7-1200 Starter Kit

Snacks and lunch will be provided.

* To better serve our customers and to insure availability, cancellation will be allowed at no charge prior to close of business on February 22, 2010. No refunds after this date.
