

SIMATIC S7-1200 Compact Controller Workshop

June 29, 2010
8:30am - 4:30pm

Who Should Attend?

Anyone wishing to get hands-on experience with Siemens new micro PLC, the S7-1200.

Agenda

The S7-1200 is a new modular space-saving controller for small automation systems that require either simple or advanced functionality for logic, HMI and networking. It is both compact and highly powerful –especially in relation to its real-time performance. It is fast, features great communication options, and is programmed with easy-to-operate, easy-to-learn software.

- S7-1200 PLC feature overview
- Expansion options
- Communication capabilities
- Programming
- Visualization
- Hands-on trials

Attend the S7-1200 Workshop and get valuable hands-on experience with the multi-functional demo and more importantly, get to know the easy-to-use and configure Step 7 Basic software!

Presenter:

- Ryan Misjan - *Siemens Regional Automation Specialist*

Note: Attendance is limited - please reserve your space early.

***Cost: \$55.00 per person - event only.**

\$250.00 per person - event & Starter Box CPU 1212C AC/DC/RLY

\$552.00 per person - event & Starter Box CPU 1200 w/KTP600 color panel

Snacks and lunch will be provided
