BRAIDED CABLE SERVICE

NEW SERVICE

DURABLE BRAIDED
SLEEVE CABLE ASSEMBLY

HIGH-QUALITY

COVERAGE	- Suitable for diameters ranging from 1/4" to 1/2" and 6.35mm - 12.7mm
TERMINATION OPTIONS	- Cable Ties, Sheathing, Heat Shrink Tubing
VERSATILE COMPREHENSIVE PROTECTION	- Shields against abrasion and mechanical vibration - Reduces wear from UV exposure - Flame retardant and rodent resistant - Minimizes direct contact with oil, fuel, and lubricants - Enhances overall durability
SAFETY BENEFITS	- Facilitates easy differentiation of segments such as power, communication, and signal cables through custom color sequences - Allows safer accessibility for equipment maintenance - Reduces downtime due to unforeseen critical maintenance and repairs
